#### FORERUN'S FORERUN ED™ RECEIVES ONC-ATCB 2011/2012 CERTIFICATION

---

**Waltham, Mass., July 20, 2011** – [Forerun, Inc.](http://www.forerun.com) announced today that Forerun ED 2011.02 is 2011/2012 compliant and is certified as an EHR Module on July 13, 2011 by the Certification Commission for Health Information Technology (CCHIT®), an ONC-ATCB, in accordance with the applicable Hospital certification criteria adopted by the Secretary of Health and Human Services. The 2011/2012 criteria support the Stage 1 meaningful use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

Ken Wolfe, Forerun President and CEO said, "We are pleased to have achieved this certification and to further support our customers' efforts to demonstrate meaningful use of certified EHR technology. We believe this positions Forerun as an even stronger partner to our hospital clients."

The ONC-ATCB 2011/2012 certification program tests and certifies that Complete EHRs meet all of the 2011/2012 criteria and EHR Modules meet one or more – but not all – of the criteria approved by the Secretary of Health and Human Services (HHS) for either eligible provider or hospital technology.

"CCHIT is pleased to be testing and certifying products so that companies are now able to offer these products to providers who wish to purchase and implement certified EHR technology and achieve meaningful use in time for the 2011-2012 incentives," said Karen M. Bell, M.D., M.S.S., Chair, CCHIT.

Forerun ED Version 2011.02's certification number is CC-1112-196400-1. ONC-ATCB 2011/2012 certification conferred by CCHIT does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.

Forerun ED Version 2011.02, certification number CC-1112-196400-1, meets the following certification criteria, in addition to Security & Privacy:

170.302(d) Medication List

170.302(g) Smoking Status

170.302(j) Medication Reconciliation

170.302(m) Patient Education Resources

170.306(b) Record Demographics

170.306(e) Electronic Copy of Discharge Instructions

170.306(h) Advance Directives

### **About Forerun**

Forerun, Inc. is a leading innovator in electronic clinical documentation and in real-time workflow management solutions for hospital emergency departments. Forerun ED was developed by physicians, for physicians, to enable emergency department caregivers to accelerate the documentation of patient care during the busiest of times, while enhancing patient safety and the quality of care. Core functionality includes electronic physician and nurse documentation, discharge processing, patient tracking and quality and business intelligence reporting. Founders include leading emergency medicine practitioners and IT experts associated with Beth Israel Deaconess Medical Center and Harvard Medical School. Forerun is headquartered in Waltham, Massachusetts. Visit <http://www.forerunsystems.com> for additional information.

### **About CCHIT**

The Certification Commission for Health Information Technology (CCHIT®) is an independent, 501(c)3 nonprofit organization with the public mission of accelerating the adoption of robust, interoperable health information technology. The Commission has been certifying electronic health record technology since 2006 and is approved by the Office of the National Coordinator for Health Information Technology (ONC) of the U.S. Department of Health and Human Services (HHS) as an Authorized Testing and Certification Body (ONC-ATCB). More information on CCHIT, CCHIT Certified® products and ONC-ATCB certified electronic health record technology is available at <http://cchit.org>.

### **About ONC-ATCB 2011/2012 certification**

The ONC-ATCB 2011/2012 certification program tests and certifies that EHR technology is capable of meeting the 2011/2012 criteria approved by the Secretary of Health and Human Services (HHS). The certifications include Complete EHRs, which meet all of the 2011/2012 criteria for either eligible provider or hospital technology and EHR Modules, which meet one or more – but not all – of the criteria. ONC-ATCB certification aligns with [Health Information Technology: Initial Set of Standards, Implementation Specifications, and Certification Criteria for Electronic Health Record Technology](#) published in the Federal Register in July 2010 and strictly adheres to the [test procedures](#) published by the National Institute of Standards and Technology (NIST) at the time of testing. ONC-ATCB 2011/2012 certification conferred by the Certification Commission for Health Information Technology (CCHIT®) does not represent an endorsement of the certified EHR technology by the U.S. Department of Health and Human Services nor does it guarantee the receipt of incentive payments.

“CCHIT®” and “CCHIT Certified®” are registered trademarks of the Certification Commission for Health Information Technology.
